

Example worksheet

Simon Cooksey

31 November 2022

This is an example worksheet with exercises denoted by big `tcolorbox`s.

1 Files

There is a `\filename` macro for typesetting filenames. This is useful for specifying sub-mission structure.

Add your code to `\filename{class1.ml}`

Add your code to `class1.ml`

2 Tasks

```
\newmintinline{ocaml}{}
\newcommand{\theFile}{\filename{class1.ml}}
```

```
\begin{task*}[Some un-numbered task]
```

All tasks will be marked with a `{\color{red!75!black} red}` box!

These must all be completed for full marks.

```
\end{task*}
```

```
\begin{task}[Numbered task]
```

```
\label{task:increment}
```

In `\theFile`, define a new function named `\ocamlinline/increment/` which
→ takes a single argument and adds 1 to it.

Your function must have type `\ocamlinline/int -> int/`.

```
\end{task}
```

Some un-numbered task

All tasks will be marked with a `red` box! These must all be completed for full marks.

Task 1: Numbered task

In `class1.ml`, define a new function named `increment` which takes a single argument and adds 1 to it. Your function must have type `int -> int`.

3 Solutions

```
\begin{solution*}[to Task~\ref{task:increment}]
```

```
\mintinline{ocaml}{let increment x = x + 1}
```

```
\end{solution*}
```

Solution to Task 2

```
let increment x = x + 1
```

4 Examples

```
\begin{example*}[Example proof using induction over the naturals]
\begin{lemma}[$3^n - 1$ is even]
  \label{lemma:power-of-three-even}
  $$\forall n. \exists x. 3^n - 1 = 2x$$
\end{lemma}
\begin{proof}[Proof of Lemma~\ref{lemma:power-of-three-even}]
\dots
\end{proof}
\end{example*}
```

Example proof using induction over the naturals

Lemma 1 ($3^n - 1$ is even).

$$\forall n. \exists x. 3^n - 1 = 2x$$

Proof of Lemma 1. ...

□

5 Margin notes

Margin notes are set up somewhat sensibly.

```
\marginpar{This text is nonsense, and this note isn't very helpful
↪ either.}
\lipsum[1]
```

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Ut purus elit, vestibulum ut, placerat ac, adipiscing vitae, felis. Curabitur dictum gravida mauris.
